

# AELERT

The Australasian Environmental Law Enforcement and Regulators Network

## AELERT 2010 CONFERENCE

3 – 5 November 2010 – Canberra

### *“Diversity in Environmental Regulatory Responses”*

The 7<sup>th</sup> Australasian Environmental Law Enforcement and Regulators neTwork Conference will be held at Rydges Lakeside, Canberra between 3-5 November 2010.

The theme "**Diversity in Environmental Regulatory Responses**" will showcase the positive outcomes that AELERT and its Member Agencies have achieved.

A Welcome Reception will be held on 3 November 2010 at the National Portrait Gallery, with the Conference Dinner being served on 4 November 2010 in the Australian War Memorial's Great Hall, featuring a series of light & sound displays.

The AELERT Annual Conference provides an opportunity for practitioners within environmental regulatory agencies to discuss and highlight their experiences in regulatory practice, licensing, policy, compliance monitoring, audit and the investigation and enforcement of environmental offences. The program will align with the main areas of AELERT's interests. More information about AELERT is on [www.aelert.com.au](http://www.aelert.com.au).

The draft Conference Program is available on the Conference website, along with more information about the 2010 Conference, including the Registration and Speakers Abstracts submission pages - [www.conlog.com.au/aelert2010](http://www.conlog.com.au/aelert2010).

**Dr David Suzuki**, a world renowned environmentalist, will deliver the Keynote Speech to the Conference. An array of outstanding Plenary Speakers has been confirmed and includes:

- Dr Maxine Cooper (ACT Commissioner for Sustainability and the Environment)
- Professor Owen Hughes (Monash University)
- Dr Joe Smith (Gene Technology Regulator)
- Dr Peter King (Asian Environmental Compliance and Enforcement Network)
- Dr George Main (National Museum of Australia)

Please feel free to distribute this information circular within your agencies and networks.
